Health & Safety Consultancy

### **APS Site Waste Management Plan – Client Advisor**

**Duration:** 1 Day (9.00 ó 17.00)

**Summary:** We are the only training company accredited by APS for this course which is intended for CDM ó Coordinators looking to enhance their own portfolio of services by developing a client advisor role for Site Waste Management Plans (SWMPs). The course provides detailed information on the SWMP Regulations and the skills to write a SWMP.

**Suitable for:** CDM Coordinators with some environmental and waste background.

**Course Tutors:** Our course tutor is a construction site practitioner with a vast experience of on-site realities and case study examples. The tutor is a member of the Chartered Institution of Wastes Management and educated to the level of MSc (Hons) in Environmental Management.

**Course Content:** The SWMP Regulations 2008  
Implications of the Regulations (including for clients, architects, principal contractors and sub contractors)  
Pre construction phase SWMP workshop  
Construction phase SWMP workshop  
Post construction phase SWMP workshop  
Demonstrations and examples of existing leading SWMP templates.

**Award:** Certificate: APS accredited

**Cost:** £260.00 plus vat- this cost covers all literature, examination and certificate costs and also includes lunches and refreshments.  
*For In-house Training contact us for a competitive price.*
