

CITB Construction Skills Site Safety Plus Scheme Site Supervisor's Safety Training Scheme (SSSTS)

Who should attend?

This course is for first line managers - those who have, or are about to acquire supervisory responsibilities. It provides an introduction to health and safety, welfare and environmental issues for those requiring an understanding of their legal responsibilities relevant to their work activities. It will provide a sound knowledge base to enable them to give valuable assistance in safely managing a construction site.

Aims:

To ensure delegates have an overview of their responsibilities for health and safety on construction sites.

This course provides the ideal introduction for those supervisors who have had some or little previous health and safety training. It can also be used as a precursor to attendance on the five-day Site Management Safety Training Scheme (SMSTS) course.

This course is intended to give site supervisors a clear understanding of how health and safety affects their role and the practical steps they can take to ensure a safe site.

Content:

- Health and Safety at Work Act and relevant regulations
- Specific site issues, which include such topics as work at height
- Tool box talks
- Control of subcontractors
- Health issues

Course Method: Classroom

Costs: This course is priced at £320.00 per delegate.

Certificate: ConstructionSkills Site Safety Plus Certificate

Timings: Two days of 9.00 – 4.00 at our training centres or your facilities if required.

Numbers: Maximum number of delegates: 15

CITB Grants Available to qualifying fee paying companies

Attendance grant of £35 per day for all courses. Achievement grants are available as follows:
£100 for achievement of the two day SSSTS course and the two day SMSTS Refresher course.
£250 for achievement of the full five day SMSTS course.

If your employee does not pass the end of course examination the attendance grant only will be payable. Grant is payable for any additional days required to complete the qualification providing the Site Safety Plus criteria are met.

You will receive an additional 25% supplementary payment automatically if you are eligible. This rate may be reduced if sufficient Levy funding is not available. This is only likely to take effect in exceptional circumstances
