

Pick 'n' Mix Safety Course – 1 Day

Who should attend?

This course is intended for a particular group of “your” workforce to be able to show a good level of awareness of all aspects of health and safety on construction sites. You select a mix of safety issues that are important to your company; and we devise a course to meet your needs to raise awareness of your awareness of duties and responsibilities of legislation and best practice.

Aims:

To give a good understanding of responsibilities under the current Acts, Regulations and other current safety legislation – which affect your business?

Courses are classroom and site based as per your requirements.

This course is ideal for companies and individuals wishing to upgrade levels of competency of sound health and safety practice. The course fee includes manuals, other course materials, refreshments and lunch.

Course Tutors:

Our course tutors are construction site practitioners with a vast experience of ‘on-site’ realities. They are also Chartered Members of the Institute of Occupational Safety and Health (CMIOSH); and also qualified and experienced Members of the Institute for Learning (MfL).

Content:

- Health and Safety Legislation in 2009
- Management, Planning, Supervision, Risk assessments and method statements in relation to your business
- Regulations, Approved Codes of Practice, Guidance and Industry Best Practice
- Duties of Managers and Employees in terms of compliance and good business practice
- Recent changes in legislation for on site issues

Costs: This course is priced at £140.00 per delegate

Certificate: Certificate of Attendance

Timings: One day of 9.00 – 4.00 at our training centres or your facilities if required

Numbers: Maximum number of delegates: 15

CITB Grants may be available to qualifying fee paying companies

Attendance grant may be claimable for courses; please ask for details.
