

RB Services  
Environmental Policy Statement

RB Services recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all environmental regulations, legislation and approved professional codes of practice relating to Health & Safety training and consultancy. This is an on-going process of improvement to services provided and must include internal housekeeping.

It is RB Services objective to operate with, and to maintain good relations with regulatory bodies, and comply with all applicable requirements and to carry out all measures reasonably practicable to involve staff and assess the cost benefit of any decisions and facilitate the ability to continually improve environmental performance and prevention of pollution. We will publicise our efforts wherever possible, and:

1. Adhere to all relevant regulations concerning waste and environmental well-being
2. Actively promote the use of recyclable and renewable consumable materials
3. Minimise energy wastage by promoting the efficient use of energy, water and other resources
4. Set out commitments in relation to the main areas where there are significant environmental impacts, review and set appropriate objectives such as:
  - a. Consumable paper sourcing, through sustainable forestry and recycled qualities
  - b. Energy consumption - as detailed in our Energy Policy Statement
  - c. Greenhouse gases - carbon management and emissions in the supply chain
5. Minimise risk to the general public and employees from Organisation operations and activities

This policy is communicated to all employees is made available to the public.
